Subject: Seatbelt

MY SAFE ROAD COMPANION

NO:1

Son! Let's go to the city together today.

No, son, you can't sit in the front seat until you're 10 years old, 135 cm tall, and weigh more than 36 kg.

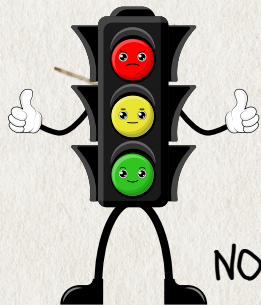

ROADSAFETYCULTURES

Hey, I'm going to sit in the front seat!

SAFETY FIRST

MY SAFE ROAD COMPANION

ROADSAFETYCULTURES

The seatbelt strap will pass center over the shoulder.

We must ensure that the seatbelt does not twist.

The first thing we should do when we get into the vehicle is fasten our seatbelt.

The lower strap should be at the level of the pelvis, not the abdomen.

You must make sure the seatbelt buckle is fastened.
