Dad  
Can we  
go buy  
toys  
too?

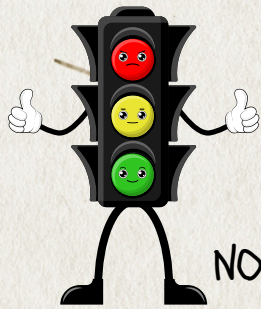

No, Dad.  
You can't talk on  
your cell phone  
while driving.

Sure son,  
we'll get you  
the toy you  
want.

You're right, son.  
I will never talk on my  
cell phone while  
driving again.

RING, RING !!!

Phones distract the driver.

A driver talking on the phone may not pay attention to the road.

That is why drivers might see the road too late.

If your mom or dad is talking on the phone while driving, you can gently say: "Please put the phone down, it is not safe."
