

MY SAFE ROAD COMPANION

MY SAFE ROAD COMPANION

NO: 6

Knock knock!
It is play
time. Are our
helmets and
vests ready?

Put on your helmet
before you ride your
skateboard. I can give
you a spare helmet if
you want.

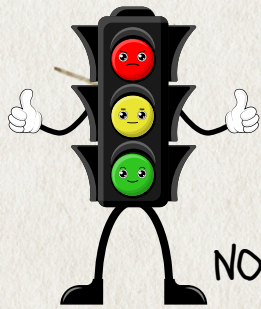

ROADSAFETYCULTURES

I feel safer this
way.

Riding on the bike
path is safer. Knee
pads and elbow pads
keep us safe.

MY SAFE ROAD COMPANION

ROADSAFETYCULTURES

The helmet protects your head. Fasten the strap but do not make it too tight.

Elbow pads protect your elbows if you fall.

Wear them so they cover both of your legs.

The vest helps people see you more easily.
